

As a first exercise, type your own name here, with all the special symbols used in your language: Mikus Dániel

Let us focus on the usage of lists.

1. This is a numbered list
  - (a) Different levels are distinguished by different numbering in `LATEX`
  - (f) ow I changed the corresponding counter of `LATEX` to 5 so the sign of this item is f which is the 6th character in the alphabet.
